#### SAM SHOULD BLUSH

We are often inclined to recommend the setting up of a form of distinction we might call the SOIMLNTBPOITY award Cross Keys Inn, on Monday, an -that is, a Statement-One-Is-Most-Likely-Not-to-be-Proud-of- was presided over by the new presiin-Ten-Years Award.

Politics, more and more, is producing hard-pressed individuals who get out of bad situations with whatever grace they can muster, brushing dignity and truth aside mercilessly in their desperate eagerness to escape the impact of their own previous acts

Integrity seems to be a lost art, on some fronts. The Democratic Party especially, in its frantic drive to keep its fingers on the Soroptimist club in Stroudsburg. patronage-faucets, has descended again and again to positively scandalously brazen efforts to evade and deceive.

Most recent candidate for the above-mentioned award is House Speaker Sam Rayburn (D-Tex) who has attempted to convey the impression that General Eisenhower misquoted and wronged him during the course of the Republican Candidate's speech in Philadelphia.

The sequence of events is worth recalling. The General said: Seven years after victory in World War II, this Administration has bungled us perilously close to World War III. Lest this be labelled a partisan charge, let me quote the words spoken only last May by the Democratic Speaker of the United States House of Representatives. Mr. Rayburn solemnly told

'I think the world is in the worst condition outside of war that I have ever known it. I think it is in the worst condition so far as peace is concerned that anyone now living has seen, when we were not in actual war.

These words are perfectly clear. They are not qualified. As a matter of fact, they were printed far and wide, both throughout the U. S. A. and around the globe, when they were uttered last May, and it is not of record that Mr. Rayburn found any fault with their extensive repetition at that time.

But now it is different. In a blistering statement he accuses General Eisenhower of "demagoguery", and says that the General quoted him "completely out of context"—whatever exactly that tautological accusation means.

Does Mr. Rayburn deny having said what he is quoted as home, here, yesterday while neighhaving said? Not at all. Does he say that the General garbled bors were collecting money to pay for management and ownership in \$120,000 at 21/2% due 1958; \$215,- the very plain meaning of the quoted passage? Most recent candidate for the above-mentioned award is House Speaker Sam Rayburn (D-Tex) who has attempted to are planned for October. convey the impression that General Eisenhower misquoted and wronged him during the course of the Republican Candidate's speech in Philadelphia.

The sequence of events is worth recalling. The General said Seven years after victory in World War II, this Administration has bungled us perilously close to World War III. Lest this be labelled a partisan charge, let me quote the words spoken only last May by the Democratic Speaker of the United States House of Representatives. Mr. Rayburn solemnly told

'I think the world is in the worst condition outside of war that I have ever known it. I think it is in the worst condition so far as peace is concerned that anyone now living has seen, when we were not in actual war.

These words are perfectly clear. They are not qualified. As a matter of fact, they were printed far and wide, both throughout the U. S. A. and around the globe, when they were uttered last May, and it is not of record that Mr. Rayburn found any fault with their extensive repetition at that time.

But now it is different. In a blistering statement he accuses General Eisenhower of "demagoguery", and says that the General quoted him "completely out of context" -whatever exactly of Mrs. Walter Founds, was killed that tautological accusation means.

Does Mr. Rayburn deny having said what he is quoted as home, here, yesterday while neighhaving said? Not at all. sessions many children are on the streets. Some are using unfamiliar crossings. Among the youngsters there are some who are likely to become confused in proceeding from one side of the street to the other side.

Safety officials are directing attention to this situation as an appeal to motorists to use extra ordinary care in driving. In approaching an intersection where youngsters are likely to cross, it will be advisable to slow down and proceed only when there is assurance that the way is clear. This suggestion applies also to streets in front of schools, even though there may be guards on

It seems advisable, furthermore, that parents make a study of the safest routes between their homes and the schools the children will attend, then advise the youngsters as to the best ways in which to use these routes.

#### BACK TO WORK

The period immediately following Labor Day is traditionally a time of business upturn such as accompanies a resurgence of industrial and commercial activity.

The boost given the inflationary spiral by the terms of the steel strike settlement is becoming more apparent day by day. Prices, in many categories, are working toward new peaks. This is having a pronounced effect upon the entire economy, although no buying spree such as followed outbreak of the Korean war is in sight. It is a fact recognized by all economists that people buy when prices are rising and take a shopping holiday when the trend is downward.

**Burners and Complete Units** 

215 WASHINGTON ST.

Automobile output, now considered a more reliable barometer of business activity than steel production, is expected to really hit its stride by September 15. Volume of defense production is still inching upward. There is practically no unemployment except that caused by strikes here and there.

The armament-spending business boom will really be under way this autumn, unless there is a crippling coal strike to upset the applecart. Whether operators will accede to the union's demand for \$3 an hour, or whether the union will back down, can only be revealed by events of the next few months.

#### CHILDREN IN THE STREETS

With the resumption of school sessions many children are on the streets. Some are using unfamiliar crossings. Among the youngsters there are some who are likely to become confused in proceeding from one side of the street to the other side.

Safety officials are directing attention to this situation as an appeal to motorists to use extraordinary care in driving. In approaching an intersection where youngsters are likely to cross, it will be advisable to slow down and proceed only when there is assurance that the way is clear. This suggestion applies also to streets in front of schools, even though there may be guards on

It seems advisable, furthermore, that parents make a study of the safest routes between their homes and the schools the children will attend, then advise the youngsters as to the best ways in which to use these routes.

#### BACK TO WORK

The period immediately following Labor Day is traditionally a time of business upturn such as accompanies a resurgence of industrial and commercial activity.

The boost given the inflationary spiral by the terms of the steel strike settlement is becoming more apparent day by day. Prices, in many categories, are working toward new peaks. This is having a pronounced effect upon the entire economy, although no buying spree such as followed outbreak of the Korean war is in sight. It is a fact recognized by all economists that people buy when prices are rising and take a shopping holiday when the trend is downward.

Automobile output, now considered a more reliable barometer of business activity than steel production, is expected to really hit its stride by September 15. Volume of defense production is still inching upward. There is practically no unemployment except that caused by strikes here and there.

The armament-spending business boom will really be under way this autumn, unless there is a crippling coal strike to upset the applecart. Whether operators will accede to the union's demand for \$3 an hour, or whether the union will back down, can only be revealed by events of the next few months.

was "quoted out of context" - which as everyone knows is the ly possible way to quote.

Get down to cases—either Mr. Rayburn meant what he id, or he didn't. If he did, he has no possible grievance at eneral Eisenhower for recalling the quoted passage.

There is but one conclusion—Mr. Rayburn didn't mean ing August, so they were celebrated actly what he said—either meant it then, but has changed his by a combined birthday party. Mrs. nd, or never meant it at all.

No matter how you analyze it, there is no escaping from Roberts was Aug. 13th; Janne Wile fact that the belligerent tirade of Sam Rayburn is really a son, Aug. 20th; George Stanton, nfession-an acknowledgement that when he said the words Aug. 22nd; Mrs. Priscilla Roberts, toted above, he was just throwing his weight about in Congress. Aug. 24th.

This conjecture is abundantly supported by the context of Ir. Rayburn's statement. He speaks of the General's comment as her guests Mr. and Mrs. Allan eing a reference "to my efforts to back him up" and said that he Keller, Minersville, for the week ade the remark in question as part of a fruitless effort to block of Aug. 25th. ts in military and foreign aid funds that Eisenhower himself had

Now this is an interesting point for further analysis. Obously if Mr. Rayburn had simply told the truth as he saw it in course of his speech last May, he would not now feel that senhower or any one else was under obligation to him for aving tried to "back him up."

Again, the conclusion is unmistakeable—Rayburn practilly says in so many words that he exaggerated the danger, magfied it into an alarmist speech, trying to blackjack out of Coness funds which the situation did not warrant being appropri-

was "quoted out of context" -which as everyone knows is the ally possible way to quote.

Get down to cases-either Mr. Rayburn meant what he id, or he didn't. If he did, he has no possible grievance at eneral Eisenhower for recalling the quoted passage.

There is but one conclusion-Mr. Rayburn didn't mean ing August, so they were celebrated cactly what he said—either meant it then, but has changed his aind, or never meant it at all.

No matter how you analyze it, there is no escaping from Roberts was Aug. 13th; Janne Wilhe fact that the belligerent tirade of Sam Rayburn is really a son, Aug. 20th; George Stanton, onfession—an acknowledgement that when he said the words Aug. 22nd; Mrs. Priscilla Roberts, uoted above, he was just throwing his weight about in Congress. Aug. 24th.

This conjecture is abundantly supported by the context of Mrs. Priscilla Roberts had as Ir. Rayburn's statement. He speaks of the General's comment as her guests Mr. and Mrs. Allan eing a reference "to my efforts to back him up" and said that he Keller, Minersville, for the week ade the remark in question as part of a fruitless effort to block of Aug. 25th. uts in military and foreign aid funds that Eisenhower himself had

Now this is an interesting point for further analysis. Obously if Mr. Rayburn had simply told the truth as he saw it in e course of his speech last May, he would not now feel that senhower or any one else was under obligation to him for aving tried to "back him up.

Today's Quiet Moment

By the Rev. Louis J. Heim

Pastor Wilkinson Memorial Methodist Church, Croydon

Our Father who art in Heaven, hallowed be Thy name. In this spirit of reverence we ask The to remove those things in our hearts which prevent us from doing good. If what we intend or desire makes us uncomfort able in Thy presence, take it away from us, and give unto us the spirit we ought to have, that we may do that which we should do. For Jesus' sake, as ask it.

Stock-car racing is the supreme test of a car's true worth in stamina, safety, performance. This year Hudsons have won 35 victories in 39 starts!

# The record shows which car is best!

#### HUDSON HORNETS SET ALL-TIME STOCK-CAR RECORD!

In 39 stock-car races held so far this year. Hudson came in first 35 times, and both first and second 19 times in these cities:

West Palm Beach, Fla. Daytona Beach, Fla. Jacksonville, Fla. Gardena, Calif. N. Wilkesboro, N. C. Tampa, Fla. Martinsville, Va. Columbia, S. C. Macon, Ga. Langhorne, Pa. Darlington, S. C. Toledo, Ohio Dayton, Ohio

Canfield, Ohio

San Diego, Calif. Occoneechee, N. C. Charlotte, N. C. Detroit, Mich. Niagara Falls, Ont. Owego, N. Y. Williams Grove, Pa. Monroe, Mich. Milwaukee, Wisc. South Bend, Ind. Richmond, Va. Rochester, N. Y. Asheville, N. C. Terre Haute, Ind.

## Unbiased tests on the world's toughest proving grounds help you choose your family car!

ALL makes of cars compete in stock-car races. And in these grueling tests of stamina, safety and performance, only results count. That's why, when you look at the stock-car record, you know which car is best.

To date this year, Hudsons have won 35 out of 39 stock-car races-an alltime record!

How does this help you choose your family car? Well, consider this:

• It proves that Hudson's exclusive "step-down" design (with America's lowest center of gravity) gives you road-hugging stability and sureness of handling no other car can match!

• It proves that Hudson's Monobilt body-and-frame\* is the safest, most

durable automobile construction known!

• It proves that Hudson's highcompression engines deliver tremendous power, that Hudsons have the stamina to take punishment equal to 50,000 miles of ordinary driving in tests where other cars fail.

All these important qualities are yours in a Hudson . . . for your pleasure, for your pride, for your protection. There's sleek, streamlined beauty, too, and you don't have to look at the record to see that.

Stop in and try a Hudson, or give us a phone call and we'll pick you up at your door. You've got a real thrill

This all-time record on the world's toughest proving grounds (no other car in the world can approach it) is your proof that Hudson will outperform every other car . . . that you can't choose a better family car!

# year Hudsons have won 35 victories in 39 starts! The record shows which car is best!

#### HUDSON HORNETS SET **ALL-TIME STOCK-CAR RECORD!**

Stock-car racing is the supreme test of a car's true worth in stamina, safety, performance. This

In 39 stock-car races held so far this year, Hudson came in first 35 times, and both first and second 19 times in these cities:

West Palm Beach, Fla. Daytona Beach, Fla. Jacksonville, Fla. Gardena, Calif. N. Wilkesboro, N. C. Tampa, Fla. Martinsville, Va. Columbia, S. C. Macon, Ga. Langhorne, Pa. Darlington, S. C. Toledo, Chio

Unbiased tests on the world's toughest proving grounds help you choose your family car! ALL makes of cars compete in stock-car races. And in these grueling

ance, only results count. That's why, when you look at the stock-car record, you know which car is best. To date this year, Hudsons have won

tests of stamina, safety and perform-

35 out of 39 stock-car races—an alltime record!

How does this help you choose your family car? Well, consider this: • It proves that Hudson's exclusive

"step-down" design (with America's lowest center of gravity) gives you road-hugging stability and sureness of handling no other car can match!

• It proves that Hudson's Monobilt body-and-frame\* is the safest, most durable automobile construction

• It proves that Hudson's highcompression engines deliver tremendous power, that Hudsons have the stamina to take punishment equal to 50,000 miles of ordinary driving in tests where other cars fail.

All these important qualities are yours in a Hudson . . . for your pleasure, for your pride, for your protection. There's sleek, streamlined beauty, too, and you don't have to look at the record to see that.

Stop in and try a Hudson, or give us a phone call and we'll pick you up at your door. You've got a real thrill

## Rohm & Haas Wins Championship of **Industrial** League

Robm & Haas captured the cham-League by winning over Seaboard Container, 3-1, last evening in the second game of their playoff series on Hunter-Wilson field.

Again it was the arm of "Eddie" Kornichuck that paved the way for the chemical mixers' triumph. Kornichuck had the Seaboard players eating out of the palm of his hand as he held them to three scattered blows and whiffed five.

After the third inning, Kornichuck failed to give Seaboard a hit and the only player to reach base in the last four frames was Mallace who got on via an error.

Verdi did the pitching for Seaboard and as in the previous game. free tickets helped to cause his downfall. He allowed five hits with Johnson getting two for two and Fisher, two out of three.

In the first inning, Verdi walked Hart and Mulchinock and after retiring Steinbrunn and Hunter was touched by Fisher for a bingle, Hart scoring. In the third, Hart and Steinbrunn drew passes and Eddie Hunter socked a double after Mulchinock had hit into a twin-killing. Fisher's hit scored Hunter Lineups:

## "Dodge power really puts out the work at low cost!"

"We use four Dodge 'Job-Rated' trucks in our operation and Dodge power really puts out the work at low cost! Most of our work is off the highway over mud holes, ditches, and sloppy ground. But that means nothing to a Dodge, because Dodge power pulls us through anything!

"A Dodge truck doesn't 'two-bits you to death' either. Rarely do we have any maintenance expense and when we do, it's legitimate wear and tear we can reasonably expect. Our Dodge trucks are ready to go 365 days a year!'

There's a Dodge truck-1/2- through 4-ton-that fits your job.

Dependable performance with ample power is assured by features like highcapacity fuel pump and two fuel filters.

High-efficiency fuel systems on all 8 engines save gas. Heavier models offer twin carburetion and exhaust system.

For extra-smooth, wear-saving power, you can get gyrol Fluid Drive on 1/2-, 3/4-, 1-ton, and Route-Van models.

## Rohm & Haas Wins Championship of Industrial League

Robm & Haas captured the championship of the Industrial Softball League by winning over Seaboard Container, 3-1, last evening in the second game of their playoff series on Hunter-Wilson field.

Again it was the arm of "Eddie" Kornichuck that paved the way for the chemical mixers' triumph. Kornichuck had the Seaboard players eating out of the palm of his hand as he held them to three scattered blows and whiffed five.

After the third inning, Kornichuck failed to give Seaboard a hit and the only player to reach base in the last four frames was Mallace who got on via an error.

Verdi did the pitching for Seaboard and as in the previous game. free tickets helped to cause his downfall. He allowed five hits with Johnson getting two for two and Fisher, two out of three.

In the first inning, Verdi walked Hart and Mulchinock and after retiring Steinbrunn and Hunter was touched by Fisher for a bingle, Hart scoring. In the third, Hart and Steinbrunn drew passes and Eddie Hunter socked a double after Mulchinock had hit into a twin-killing. Fisher's hit scored Hunter. Lineups:
